About Page

## Posters

Grid with hover state info.  
each treated as its own project but  
not linking to a full project page

## Projects

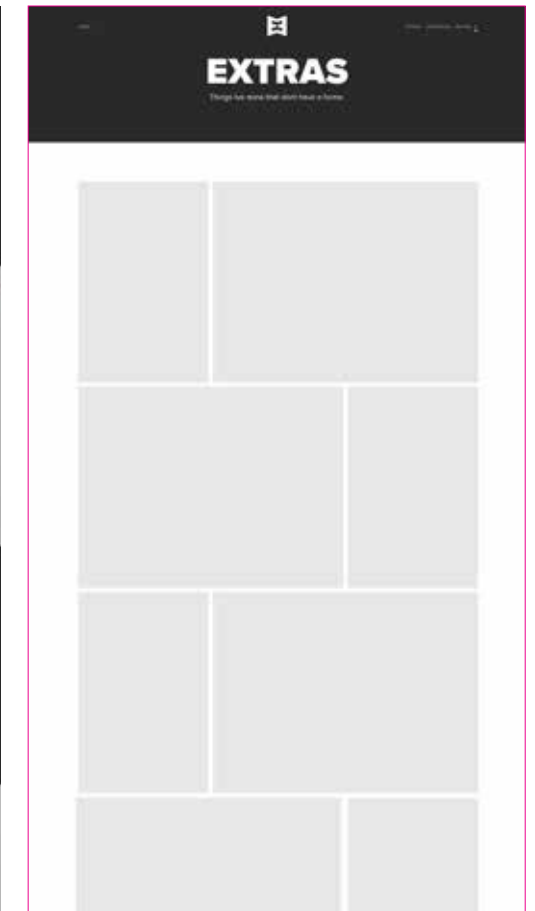

Grid of links to  
individual project pages

## Branding

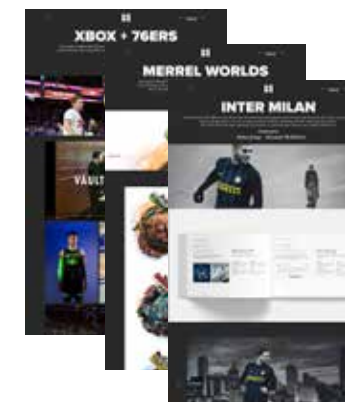

All branding projects live as one  
large project Page

## Extras

Blog roll of crap,  
no titles or info needed

Youtube/vimeo instead of hosting video  
Ability to update would be great but i  
dont believe i need a custom CMS

Project Pages  
10 total, minimal text,  
mostly image/video grid  
and carosels
